 Quick tips for navigating WhatsApp with CHART.
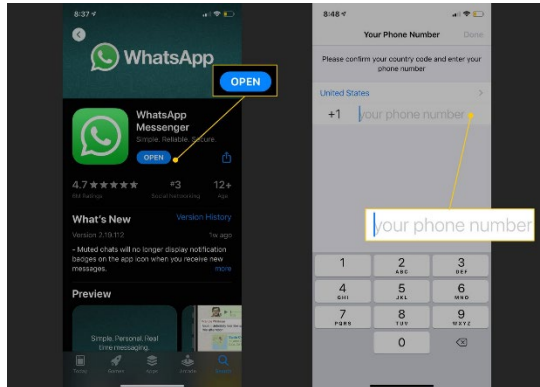

STEP 1: Download WhatsApp for free from the App Store (iPhone) or Google Play Store (Android).

STEP 2: Open the app → verify your phone number → set up your profile.

NOTE: WhatsApp uses your phone number and a text message to verify your account.

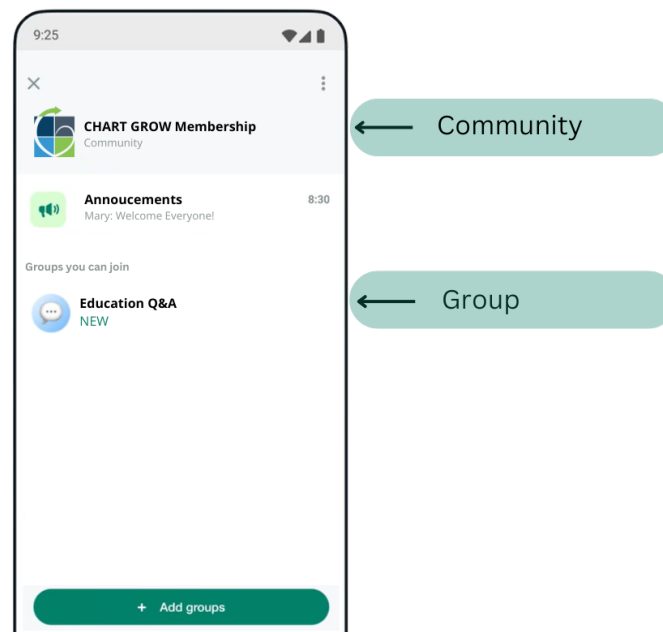

STEP 3: Open your **CHART email** that includes the **Invitation Link** to join the **CHART WhatsApp Community**. This is where you will get all the announcements.

NOTE: If you are using a computer, you can also visit www.web.whatsapp.com to download WhatsApp. You will then scan the provided QR code on your phone to link your devices.

STEP 4: If you are also interested in joining other **CHART Groups,** select the links within the **CHART Community** designated for that group. This option is available anytime, if you choose to join at a later date.

NOTE: If you'd like to mute this group so you don't get pinged, tap the group name at the top → tap Notifications → tap Mute Notifications → choose how long. Muting only stops notifications. You can read messages anytime.

➡ *Special GROW Member Instructions*

If you are also interested in joining the **CHART Q&A** group, select the link provided in your **CHART email** designated for that group.

NOTE: This is a private group with administrative approval. Please allow 24 hours for review.
